Ms. Kristi Izzo, Secretary
Board of Public Utilities
Two Gateway Center
Newark, New Jersey 07102

RE: BPU Docket No. EX070705111
BPU Re-adoption with
Amendments of NJAC 14:5

Dear Ms. Izzo:

The above regulations were posted on the New Jersey Public Register on Tuesday, September 4, 2007.

The Township of Bridgewater has formed an ad hoc committee, which I chair, in order to review and comment upon the proposed regulations, which address vegetation management. In connection with this review, the committee and Township retained the services of an expert, Alexander Saharic, to review the regulations and offer expert opinion and comment.

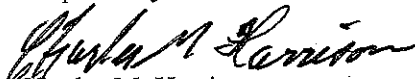

Enclosed please find the following:

(1) Copies of the Mr. Saharic's report entitled "Report of Alexander Saharic Regarding Vegetation Management by PSE&G in Bridgewater Township, Somerset County, New Jersey and Discussion of Recent Proposed BPU Regulations Concerning Vegetation Management". Mr. Saharic's credentials are included with his report.

2. Mr. Saharic's comments and revisions to proposed regulations regarding vegetation management.

Mr. Saharic's report and comments are hereby submitted by the Committee with its request that the New Jersey Board of Public Utilities consider the expert opinions, comments and suggested revisions offered by Mr. Saharic on behalf of the committee and Township of Bridgewater with the request that these comments and suggestions be made part of the adoption of the proposed regulations.

Respectfully submitted

Charles M. Harrison
Chairman
